

Panvia in 30 seconds

The Dutch platform where only owners and developers sell — no agents, no commission.

Render: Layan Verde, Phuket

WHY THIS MATTERS TO YOU

Dutch buyers are among Europe's most active international property buyers — but they search **in Dutch**, and reach your project through agencies that add their own margin, if at all. Panvia puts your development directly in front of them: **agents and intermediaries are not allowed**, and every enquiry lands in your inbox with name, phone number and email.

HOW IT WORKS

1

List your development

One project page, all units, in Dutch — we handle the translation. Live within a day.

2

Talk to buyers directly

You present, you negotiate. Nobody in between.

3

Close on your terms

The sale completes through your own process — commission-free, always.

WHAT IT COSTS

DEVELOPMENTS (10+ UNITS)

from **€ 4,150**

per quarter, excl. VAT — own project page, all units, cancel per quarter

SINGLE LISTINGS

€ 895

per 6-month listing, excl. VAT — individual units or owner resales

COMMISSION — EVER

€ 0

no commission, no success fee, no cost per lead or sale

A 3% agency commission on one €300,000 unit is **€9,000 — per unit sold**. A Panvia project page is **€4,150 per quarter for your entire development**. That difference is yours.
